MAXISABER *Demo Pumper*

This stunning MaxiSaber offers amazing visibility with a one-piece panoramic view windshield. The formed and welded aluminum body features a 750 USG water tank and 30 USG integral foam cell, as well as an array of compartments: full depth 28" compartments on the driver's side and passenger side, roll up doors by Amdor, transverse stokes basket compartment, and 11 SCBA bottle storage in the wheel wells. Exterior compartments include four adjustable shelves and three slide out trays. Easy access ladder storage with MaxiRack and hard suction hoses on the top passenger side of the truck.

The MaxiSaber, with seating for six, sits on a Pierce Saber 7010 chassis and is powered by a Cummins L9 engine with an Allison EVS3000 transmission. The 22" extended front bumper houses a hose tray for 150' of 1.5" hose.

The innovative narrow pump house design houses a Hale DSD 1500 gpm pump with an Amdor roll up enclosure over the operator's panel. A FoamPro 2001 is plumbed to a 1.5" front bumper discharge, two 1.75" speedlays with removable trays, and a 2.5" crosslay. Additional plumbing discharges include a 3" deck gun riser, two 2.5" left side, one 2.5" right side, one right side LDH, and one 2.5" rear.

The Whelen warning light package includes brow and scene lighting, and a rear traffic advisor. Back-up camera by FRC.
