2020 COMMERCIAL EMERGENCY Wildland Brush Truck

Custom built by Commercial Emergency Equipment, this brush truck is built on a 2020 Ford F350 SuperDuty 4x4 Crew Cab. Powered by a 7.3L V8 gas engine with 350 hp and a 10-speed automatic transmission, this truck will get you where you need to go with everything you need when you get there. Features include a 20 hp CET skid-unit with 200 gallons of water and 10 gallons of foam. The 96" aluminum body is upfitted with two above deck boxes on both D/S and P/S and a 150' rubber hose reel with electric rewind. Whelen's 60" lightbar and 360° WION lights with wide-angle optics thoroughly illuminate the scene.
